DELTAPATENTS WELCOMES YOU

Why DeltaPatents Training?

DeltaPatents is a **patent attorney firm** based in the Netherlands with a passion for quality. We provide the highest quality advice and service to public and private companies at various stages of growth from start-up to Fortune 500. Our patent specialists have a deep technological knowledge and extensive industrial experience. Through our education activities, we stay ahead in terms of law changes, case law and procedural requirements.

We are proud to be a leading training organization for the **European Qualifying Examination (EQE)**. Our renowned courses can be followed throughout Europe. We offer a complete range of courses and high quality training material for the EQE. The knowledge and experience gained during more than 15 years of EQE training provides a solid basis for our comprehensive range of training courses in different areas. We offer **Continuing Education of Patent Attorneys** (e.g. patent law update course, a Unitary Patent course, and various IP master classes) across Europe as well as outside. For **R&D** (R&D managers, researchers, developers, inventors, entrepreneurs, IP management, IP coordinators and tech-transfer officers), we provide targeted IP tutorials and several workshops. These can also be organized in-house at your organization, open to other participants or exclusively in-house.

“It was a pleasure to study with such a skilled and nice instructor”

Our blogs keep you up-to-date on the EQE, EPO Case law, Patent procedures, Unitary Patent and Patent News.

In 2006 we started **training IP support staff**, culminating in a full training program preparing for the official Dutch Formalities Officers exam. The program includes training modules directed to EPC and PCT formalities. These training modules are offered throughout Europe.

Our training focuses on giving insight and understanding, and ensuring that the acquired knowledge can be practically applied. Unique for DeltaPatents is that we thoroughly train and guide our tutors. For our tutors, training is a profession, mastered by teamwork and frequent involvement in courses. We take feedback of attendants seriously and act on it. For us, quality and customer satisfaction are essential.

DeltaPatents' personal touch

We believe in teaching and treating candidates with a personal touch. You will be trained in small groups, giving ample opportunity to discuss unclear issues in more detail and get personal assistance. Hospitality is important to us. For participants staying in Eindhoven for courses of multiple days, we organize a social event, such as a dinner or a trip to a local place of interest. We welcome contact (e.g. via e-mail, telephone or video chat) with our tutors to ask follow-up questions, to clarify course materials or to report mistakes.

EQE PAPER D

2-DAY GUIDED EXAM COURSE

Objective

During your preparation, you need to practice questions and papers to teach yourself how to read questions, to analyse the legal issues, to decide what to write and the detail level of your answer. However, it is difficult to judge your own progress, and comparing your own answers with model answers is not the best way to tune your skills.

By the end of this course, you will have received individual feedback on your progress from the tutor, have more experience in solving DI questions and DII cases efficiently, and have a picture of the areas where you need to improve.

The new D paper

The D paper is a single 6 hour exam comprising DI (legal questions) and DII (legal advice) parts. To be successful, you have to efficiently divide your time so that you spend an appropriate amount of time on each part.

All materials in this course have been adapted to prepare you for the single 6-hour D paper in 2019.

Course Concept

Prior to the course, a homework D paper is provided, and you hand-in your answer. It will be individually corrected as an EQE paper, and handed back on the first day with a score, suggestions for improvement and a detailed marking sheet. This will give you an idea of where you are in your EQE preparation. The tutor will then guide the group in steps through answering the homework paper, deciding how to divide your time, doing selected DI questions and doing the DII part in full. There will be time to discuss different solutions, how words in the question should be interpreted, how and where to find the answers, how more points could have been scored, and common mistakes.

The rest of the first day will be spent on how to approach a second recent D paper, followed by step-by-step solution of selected DI questions under the guidance of the tutor.

On the second day, the tutor will guide the group in steps through the DII part of the second D paper. Again, regular group discussions allow differences in opinion to be expressed and to share individual knowledge and experience.

D papers used in this course

Papers that will be used in the EQE 2025 courses will be announced as soon as possible.

Who should attend?

The course is aimed at participants preparing for the EQE. Participants are expected to have reached an advanced stage in their own preparations. It is suitable for both first-time sitters as well as for re-sitters. This course uses two recent D papers to practice.

Prior training

All of the D training and model solutions are based upon DeltaPatents' new DI and DII Methodology, developed and tested using the comments and experiences of many former candidates.

Please note that there is a strict condition to participate in this course: you can only participate in this course if you have followed our D Methodology course and practiced it.

DeltaPatents offers D methodology training during our:

- 3-Day Paper DI and DII Methodology Course, where the methodology is practised on older papers.

Subsequent training

Candidates are also encouraged to continue their practice to adapt the tools and techniques learned to complement their individual knowledge, reference materials and style. We recommend further practice on at least two complete D (DI & DII) papers.

We offer suitable D practice during our:

- 4-Day Paper D Guided Trial Run (for candidates that sat our 3-Day D Methodology course)
- For practicing exams, we offer two 1-day Paper D Mock Exam online, where you practice an exam paper under real exam conditions, using WISEflow.

Detailed brochures for these courses can be downloaded from www.deltapatents.com.

Course language

The course will be offered in English.

Online and on-site training EQE 2025

For Foundation as well as Main Exam, we will offer online training courses and if the situation permits, also on-site training.

We understand that it will be different, the interaction between tutor and candidates will be different. You are used to our high-level courses and we will do our utmost to continue to offer this service, also through our online training courses.

How does it work:

- For the online training, we use WebEx. With this system you can interact with the tutor and the other candidates, ask questions and give answers to the questions of the tutor.
- Course days will be from 9.00 hrs. to approximately 17.00/17.30 hrs. We will present the topics in blocks of 45 to 60 minutes, followed by a 15 minute break. For lunch we will have a 45 minute break.
- The course materials will be shipped to you beforehand. Additional materials will be available in our online training environment (Eduframe/Canvas).

At this moment, some Methodology courses are scheduled as online training courses and some are on-site. The Guided Exam courses are only offered as an online course. The fees for the online course are lower, reflecting the lower costs.

Attendance limited to 24

A maximum of approximately 24 participants can take part in the course. This limitation will give the tutor the opportunity to discuss unclear issues in more detail and provide personal assistance during the practicing of the cases and the paper.

Certificate

All participants will receive a certificate after attending the course.

Registration course

Please check our website for the actual prices.

Shipment outside the EU

If given online, we will ship the course materials to the office address of each candidate (instead of to the course venue). Shipment costs to the EU are included in the course fee. Additional shipment and customs costs for countries outside the EU (e.g. Turkey, Switzerland, Norway and the United Kingdom) will be added to the standard course fee for the online courses. It is advised that candidates from the same company attending the same course, use their office address for shipment of the course materials. All materials can then be shipped at the same time, which keeps the costs low.

Discount when registering for extra Paper D courses (5-day, 7-day or 9-day Package)

If you register for the 3-day Paper D Methodology course as well as the 2-day Paper D Guided Exam and/or the 4-day Paper D Guided Trial Run course, you will receive a discount of € 200 for each extra course (on the course fee of the Guided Exam and/or the Guided Trial Run course).
