REFRESHER
COURSE FOR
RE-SITTERS**

DELTAPATENTS WELCOMES YOU

Why DeltaPatents Training?

DeltaPatents is a **patent attorney firm** based in the Netherlands with a passion for quality. We provide the highest quality advice and service to public and private companies at various stages of growth from start-up to Fortune 500. Our patent specialists have a deep technological knowledge and extensive industrial experience. Through our education activities, we stay ahead in terms of law changes, case law and procedural requirements.

We are proud to be a leading training organization for the **European Qualifying Examination (EQE)**. Our renowned courses can be followed throughout Europe. We offer a complete range of courses and high quality training material for the EQE. The knowledge and experience gained during more than 15 years of EQE training provides a solid basis for our comprehensive range of training courses in different areas. We offer **Continuing Education of Patent Attorneys** (e.g. patent law update course, a Unitary Patent course, and various IP master classes) across Europe as well as outside. For **R&D** (R&D managers, researchers, developers, inventors, entrepreneurs, IP management, IP coordinators and tech-transfer officers), we provide targeted IP tutorials and several workshops. These can also be organized in-house at your organization, open to other participants or exclusively in-house.

“It was a pleasure to study with such a skilled and nice instructor”

Our **blogs** keep you up-to-date on the EQE, EPO Case law, Patent procedures, Unitary Patent and Patent News.

In 2006 we started **training IP support staff**, culminating in a full training program preparing for the official Dutch Formalities Officers exam. The program includes training modules directed to EPC and PCT formalities. These training modules are offered throughout Europe.

Our training focuses on giving insight and understanding, and ensuring that the acquired knowledge can be practically applied. Unique for DeltaPatents is that we thoroughly train and guide our tutors. For our tutors, training is a profession, mastered by teamwork and frequent involvement in courses. We take feedback of attendants seriously and act on it. For us, quality and customer satisfaction are essential.

DeltaPatents' personal touch

We believe in teaching and treating candidates with a personal touch. You will be trained in small groups, giving ample opportunity to discuss unclear issues in more detail and get personal assistance. Hospitality is important to us. For participants staying in Eindhoven for courses of multiple days, we organize a social event, such as a dinner or a trip to a local place of interest. We welcome contact (e.g. via e-mail, telephone or video chat) with our tutors to ask follow-up questions, to clarify course materials or to report mistakes.

EQE PAPER C

3-DAY REFRESHER COURSE

FOR RE-SITTERS

Objective

This 2- or 3-day refresher course meant for candidates who already followed our methodology course in previous years and need to re-sit the C exam. It could also be useful as an extra practice for first time sitters.

Course Concept

The course aims to let candidates practice for the C exam in a very time efficient way.

Day 1 and day 2: A short summary of our methodology will be presented. Older C exams (of 2013 or earlier) have been turned into cases of approx. 1/3th of the original size. Most of the 'standard' issues have been removed like having to make a time line, performing a few normal novelty attacks or problem-solution attacks. The special issues have been kept.

Some cases are a bit longer and still includes some of the standard issues.

Candidates have to prepare some of the cases at home. Solving a case is expected to take approx. 1 hour per case. Writing it down could take a further hour. During the online session, each case will be discussed in sequence. Having discussed a case, the candidates get a marking sheet for the case and some time to mark their own solution.

A detailed model solution is provided for each case.

Day 3: Candidates will practice the C 2024 exam paper, guided by the tutor. The tutor will go through the paper, step-by-step, using the DeltaPatents methodology.

During this course, candidates will use the WISEflow system (this is the system the EPO uses for the e-EQE).

Training Material

- A set of cases, model solutions and marking sheet.
- The copyrighted course material is provided for the personal use of the participants, who are asked not to make reproductions without permission.
- Use of WISEflow, the exam system used by the EPO).

Who should attend?

The course is aimed at candidates preparing for the European Qualifying Examination 2025. It is an extra practice for first time sitters and a refresh course for re-sitters.

Course language

The course will be given in English.

Online training for EQE 2025

The course is offered online. The course will be from 9.00 hrs. to approximately 17.00 hrs. There will be regular breaks and a lunch break of 45 minutes. The course materials (cases) will be shipped on beforehand or made available in our online training environment (Eduframe/Canvas/WISEflow).

Attendance limited to 24

A maximum of approximately 24 students can take part in the course. This limitation will give the tutor the opportunity to discuss unclear issues in more detail and provide personal assistance during the practicing of the cases and the paper.

Certificate

A candidate will receive a certificate after attending the course.

Course fee

Please check our website for the actual prices.

Registration

Please register for this course by using our [online registration form](#).

Cancellation policy

Please check our website (<https://www.deltapatents.com/registration-and-cancellation/>) for our cancellation policy.
